

Runhall Litter Warden report – Mark Gill – April 2019

Coston Hall farms and Kimberley Farms had 6 people picking roads around both villages and roads a couple of weeks back and collect 30 plus bags of rubbish. Which was kindly collected by South Norfolk Council. We now have a number of pickers which we are more than happy to lend to others.

We plan to do another one in the next couple of months.

We also made contact with McDonald's and they cleared some of there packaging last year.
